

Series 5700 Vinyl Horizontal Sliding Window

Single hung and picture windows are available

- 1 1/4" nail-fin setback for brick veneer construction and select stucco applications.
- Sweep lock helps provide a weather-tight seal and added security.
- Dual weather-stripping helps block air and water infiltration, keeping harsh elements outside and energy-saving comfort inside.
- Versatile half screen installs easily from inside.*
- Double insulated glass provides energy saving efficiency.
- Sloped sill reduces air infiltration and accommodates easy water run-off.
- Multi-chambered vinyl lineals improve thermal performance and enhance sound absorbency.
- Fusion-welded frame and sash minimizes water and air infiltration and enhances overall durability.
- Metal reinforced meeting rail and sash rail provide added durability and enhanced security.
- Limited lifetime warranty provides reassuring peace of mind.
- Pre-punched integral nail-fin targets proper nail location for quick, easy installation.
- Tandem wheel and axle roller assemblies ensure smooth, easy operation on even the largest sizes.
- Multi-cavity vinyl lineals improve thermal performance and enhance sound absorbency.
- DP-25 rating (window size tested 72" x 48").
- Jamb depth: 2.625".
- **Limited Lifetime Warranty.**
